**Objective:** I would like to obtain a dental hygiene position in a dental office where I can utilize my skill as a Registered Dental Hygienist.

**Education:** University Of Mississippi Medical Center, B.S. in Dental Hygiene. **2003.**

**Experience:**

**Dr. Ashley Plummer, El Dorado AR: Dental Hygienist (10/08 – 12/11)**  
Worked in a state of the art paperless environment. I worked with Dexius sensors and Dentrix software. I was a part of a new practice and involved growing new patients as well as the continued business of recall patients.

**Dr. Kristi Elia, El Dorado AR: Dental Hygienist (06/06 – 1/11)**  
Worked with recall patients to ensure the patient utilizes all proper techniques. Assisted in front office when needed. Responsible for applying sealants. Complete all routine cleaning, X-rays, assessments and screening required as a registered dental hygienist.

**Dr. King Scott, West Monroe LA: Dental Hygienist (10/03 - 07/05)**  
Worked with perio patients to ensure the patient utilized all proper techniques. Responsible for recall patients and appointments. Responsible for making impressions for bleaching trays and applying sealants. Completed all routine cleaning, X-rays, assessments and screening required as a registered dental hygienist.

**Dr. David Parks, Clinton MS: Dental Hygienist (8/03 - 10/03)**  
Worked as a dental hygienist in a general practice office. I was his first hygienist so I helped to start up this department. Helped build the recall system and patient supplies. Completed all routine cleanings and worked with perio patients. Responsible for making impressions for bleaching trays and applied sealants.
